PROFILE

Full Stack Developer with 1+ years of experience building scalable web applications using React.js, Next.js, Node.js, MongoDB, and PostgreSQL. Skilled in developing responsive user interfaces, RESTful APIs, and end-to-end solutions. Experienced with Jira for agile project management and mentoring frontend interns in React.js and modern frontend development.

EXPERIENCE

MERN STACK DEVELOPER

DevInsta Company

- Developed and maintained a full-stack medical web application, managing both frontend and backend development. Built responsive user interfaces, designed secure RESTful APIs, integrated MongoDB databases, and implemented new features while ensuring application performance, scalability, and reliability.

PROGRAMMING INSTRUCTOR

Live Coder | Lahore, Pakistan

- Mentored and trained aspiring developers in frontend and backend web technologies, including HTML, CSS, JavaScript, React.js, Node.js, and MongoDB. Conducted code reviews, provided technical guidance, and supported students in building responsive web applications while promoting coding best practices and clean, maintainable code.
